ZENSPACE DIGITAL

Website Development Brief

PROJECT
Represent Yourself with AI

CLIENT
Dionne Nancarrow / Top Class Accounts

PLATFORM
WordPress + E-commerce

FOCUS
SEO-optimized e-book sales

This brief will help us build a clean, professional website optimized for search engines and e-book sales. You mentioned you'll be providing content and images — this guide focuses on **website structure, SEO strategy, e-commerce setup, and design preferences**. **If you can't answer a question or don't understand what we're asking, that's completely fine — we can discuss it together.** Work through each section so we can create a quote that matches your needs exactly.

COMPLETION 74%

SECTION 01

Project Overview

What this website needs to accomplish

☐ **Primary goal of the website**

Sell e-books | Build email list | Establish authority / thought leadership | Educate visitors about AI | Generate leads / enquiries

☐ **Target audience — who are you reaching?**

Why we're asking: Helps us tailor the design tone and user experience

See original feedback form we gave you

☐ **Geographic market**

Australia | Global / English-speaking | US market | UK / Europe | Asia-Pacific

SECTION 02

Website Structure & Pages

What pages do you need

☐ **Essential pages**

Select all pages needed for launch

Home | About | Shop / E-books | Contact | Blog / Resources | FAQs | Testimonials / Reviews | Free resources / Downloads | Services | Case studies

Other pages you'd like to include...

☐ **How many e-books at launch?**

Initial products: 3 bags (same but 3 different colours)

Why we're asking: Determines if you need a simple product page or full shop structure with categories

☐ **Browse templates for design inspiration**

Templates are the most cost-effective way to create a professional site (otherwise we need to use a designer)

> **Important:** Templates aren't fixed — we can alter all aspects including colours, fonts, and content. The most important part of the template is the **layout**. Everything else is

customizable to match your brand.

Template resources:
elementor.com/blog/10-best-resources-for-elementor-templates

Browse these and note any layouts that appeal to you for simple, modern, timeless design.

Use initial draft that we have created and get inspiration. We like the image styles and website layouts for the following sites https://bonenfant-atelier.com/ and https://www.polene-paris.com/ and https://www.aesop.com.au/

SECTION 02B

Page Layout & Wireframing

What goes on each page

- [ ] **Home page layout**

Example: Hero section, Features (3 columns), Testimonials, CTA button

photo
Testimonials — three customer review cards
Email Capture / Newsletter — email signup strip that connects to your mailing list
Footer — navigation links, social icons, legal page links (always included)

- [ ] **Shop / E-books page layout**

Example: Product grid (3 columns), Filters sidebar, Featured product banner

Just like you had in sample but 1 column with 3 pics so like https://represent-ai-wireframe.netlify.app/shop

- [ ] **About page layout**

Example: Hero with photo, Story section, Team bios, Values/mission

https://represent-ai-wireframe.netlify.app/about

- [ ] **Other pages you want to wireframe**

Add any other pages and describe the sections/layout you envision...

SECTION 03

SEO & Search Strategy

Being found on Google

☐ **Primary keywords — how will people search for you?**

Think about what someone would type into Google when looking for what you offer

See original feedback form we gave you

☐ **Who are your main competitors or comparable sites?**

Knowing the competitive landscape helps us understand what's working in your space

See original feedback form we gave you

☐ **SEO priorities for this project**

- [x] On-page SEO (titles, meta, structure)
- [x] Keyword optimization
- [ ] Backlink strategy
- [ ] Blog/content for SEO
- [ ] Local SEO
- [ ] Google Analytics setup
- [ ] Google Search Console

☐ **Ongoing SEO management**

- [ ] Just initial setup
- [ ] Monthly SEO support
- [ ] Quarterly SEO audits
- [x] We'll manage ourselves
- [ ] Let's discuss options

SECTION 04

E-commerce & Digital Products

Selling e-books online

E-commerce platform preference

We recommend platforms specifically designed for digital products

- WooCommerce (WordPress native)
- Easy Digital Downloads
- Ecwid
- Gumroad integration
- Your recommendation

Digital product considerations:

- Secure file delivery after purchase
- Download limits and expiry
- Customer account area
- Automatic email receipts with download links
- PDF stamping or protection (optional)

Payment methods

- Stripe (credit/debit cards)
- PayPal
- Apple Pay / Google Pay
- Afterpay / Zip
- Bank transfer

Payment accounts: Shopify I think Shopify also allows email marketing etc?

Pricing features needed

Why we're asking: Tells us which e-commerce features to include

- Individual e-books
- Bundles / packages
- Tiered pricing
- Discount codes / promotions

Customer accounts & email marketing

- Customer accounts (login area)
- Guest checkout allowed
- Email list integration (Mailchimp)
- Email list integration (Other)
- Automated email sequences

☐ **Refund / returns policy for digital products**

Why we're asking: Needs to be displayed on your site and may affect checkout flow

12 month manufacturer warranty

SECTION 05

Design & Visual Style

Simple, modern, timeless

☐ **Colour palette — warm tones preferred**

You mentioned warm tones. Any specific colours in mind?

Primary colours: See attached folder in github

Accent colours: See attached folder in github

☐ **Typography — Helvetica or similar**

Helvetica | Helvetica Neue | Arial | Work Sans (Helvetica-style) | Inter (modern, clean) | Other sans-serif suggestion

Specific font preference: Montserrat

☐ **Overall aesthetic mood**

Clean & minimal | Modern & professional | Timeless | Approachable & friendly | Sophisticated | Tech-forward

☐ **Logo integration — RY logo provided**

We'll integrate your "Represent Yourself" logo. Any specific requirements?

See attached in github we have the logo but need help putting SVG file.

☐ **Websites you like (for layout inspiration)**

We like the image styles and website layouts for the following sites https://bonenfant-atelier.com/ and https://www.polene-paris.com/ and https://www.aesop.com.au/

☐ **What to avoid in the design**

cluttered layouts

SECTION 06

Content & Images

What you're providing

☐ **Content delivery — you mentioned you're providing all copy**

Confirm what content is ready and what needs to be created

All page copy ready | Most copy ready, some TBD | Outline ready, needs polishing | Product descriptions ready | About page copy ready

☐ **Images — you're providing (Sealey is photographer)**

What imagery will you be providing?

Professional photos | Product mockups (e-book covers) | Hero images / headers | About page photos | Icons / graphics

Image specifications:

- **Full width images:** 1920px wide (200-800kb)
- **Half width images:** 960px wide (100-400kb)
- **Quarter/small images:** 480px wide (50-200kb)

Image compression tools (free):

- iloveimg.com — compress, resize, crop
- squoosh.app — advanced compression

☐ **E-book cover designs**

Already designed | Need to be created | Sealey designing covers

☐ **Are there any gaps where you'd like suggestions?**

open to thoughts

SECTION 07

Technical Setup

Domain, hosting, and infrastructure

☐ **Domain name**

Already own domain | Need to purchase domain

Domain name	thetarrantcollective.com and thetarrantcollective.com.au
Registered with	Site ground

☐ **Web hosting**

Already have WordPress hosting | Need hosting recommended

☐ **Business email**

Already set up | Need help setting up | Google Workspace | Microsoft 365

☐ **SSL certificate (HTTPS security)**

Yes — include SSL | Already have SSL

> SSL is essential for e-commerce sites — it encrypts customer data and payment information.

☐ **Analytics & tracking** WHAT'S THIS?

Google Analytics 4 | Google Search Console | Facebook Pixel | Google Ads conversion tracking

SECTION 08

Timeline & Ongoing Support

When and how we work together

- [ ] **Launch timeline — when do you want to go live?**

Target launch date: 1st May 2026

Is there a specific reason for this timeline? (e.g. product launch, event, marketing campaign)

- [ ] **Who will manage the site after launch?**

We'll manage ourselves | Zenspace ongoing support | Mix — we handle content, you handle tech

- [ ] **Training required**

WordPress basics | E-commerce management | Product uploads | Blog posting | SEO best practices | No training needed

- [ ] **Maintenance & support plan preference**

Monthly maintenance | Quarterly check-ins | Ad-hoc support as needed | We'll self-manage

SECTION 09

Additional Considerations

Anything else we should know

☐ **Legal pages required**

Privacy Policy | Terms & Conditions | Refund Policy | Cookie Policy

We can provide templates for these that you can customize

☐ **Marketing integrations needed**

Social media links/feeds | Lead magnets / Free downloads | Exit-intent popups | Live chat | Testimonial widgets

☐ **Contact details for the site**

Email: contact@thetarrantcollective.com

Phone (optional):

☐ **Future plans or features to consider**

Nano products for skiers, dog perfumes, or anything else on the horizon?

Nothing for now TBA

☐ **Anything else important to this project?**

no
